

# The Grand Challenge

---

## NMI's Role

**Julie Stockwin**  
**National Microelectronics Institute**  
**1st April 2003**

# UKpsc

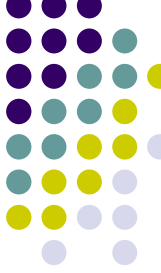

## UK Paradigm Shift Consortium

- **NMI has taken on the Grand Challenge**
  - Industry and University jobs will be lost unless “we” do something
- **NMI’s mission**
  - to drive the execution of UKpsc through an “inclusive” network of contributors:
    - Build a large community of contributing members from industry, academia and other organisations

# UKpsc

## UK Paradigm Shift Consortium

### **Status to date**

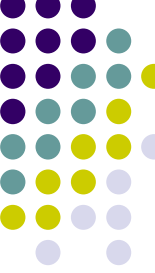

- Evangelising when and wherever possible
  - Gaining increasing support and momentum
- Established a UKpsc Advisory Board
  - To develop business plan to attract necessary long-term funding
  - Conduit for ideas and input from the entire UKpsc network

### **Objectives for today**

- Gauge level of support and potential participation
- Draw out ideas for SIGs

**UKpsc**

# **UK Paradigm Shift Consortium**
